Year 6 favorite activities we did on the Isle Of Wight !!!!!

Goodleaf tree climbing : This was our first activity we did on the island . There were 3 different activities to do so in our groups we rotated round .

1. Vortex golf
2. Orienteering
3. Tree climbing

Vortex Golf is where you have to throw a vortex into a golf hole but you have to throw it from quite far away . When we did Orienteering we did it around the forest and then went down to the beach to finish it off . Finally , was tree climbing . We first got harnessed onto the tree and then had to practice using the ropes and then we started . I would rate it 8/10

Robin Hill: Robin hill is a country park . The first activity we did was the tabogons they are little cars you drive on a track up and down hills . Then we went to the ripple which is a massive water bubble which you jump on and it ripples . Next we went to the birds of prey show which was very cool ! Then we had lunch . Next we went to this massive play area in the forest and it had so much to do it was so big and very fun ! And then finally went to the massive pirate ship ride ! I would rate it 9/10 ! **GO TO NEXT PAGE ->**

The aqua park : The aqua park had loads of inflatable obstacles and slides on a massive man made lake ! We had to first put our wetsuits on and then our life jackets and then we all jumped into the water (it was freezing) . All the kids teamed up on trying to push the teachers in and we were able to push them all in and then we started pushing each other in ! My favorite obstacle was the Massive water slide ! I would rate it 10/10 !

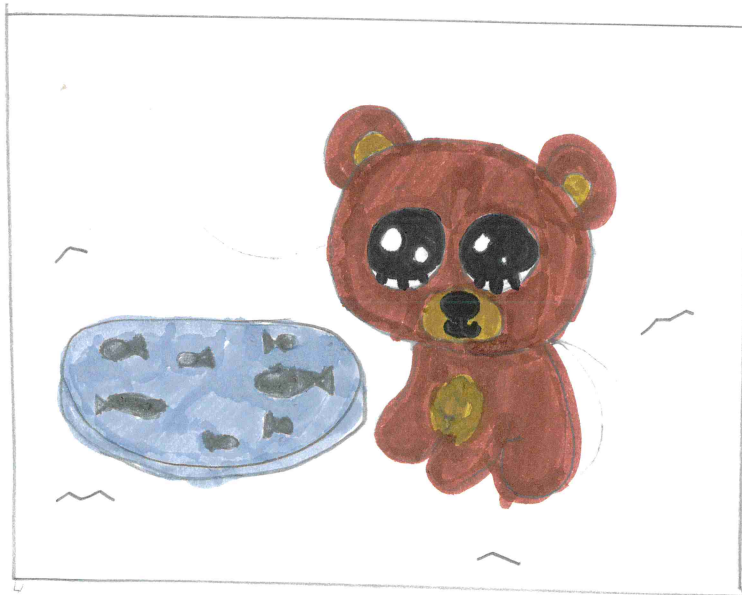

Laser Storm : Laser storm was what we did on our night out ! Laser storm is laser tag but in a massive soft play ! When we first arrived we had dinner there which was party food and then we started laser tag ! There were 3 different groups and we rotated who was against who each time . Each battle lasted about 15 mins and then we swapped but we battled every team twice . THIS WAS SO FUN ! I rate it 10/10 !!!

The Animal of the Month is a...

BROWN BEAR

Did you know
that ~~the~~ a
brown bears
gestation takes
180-250 days?

Did you know
brown bears
are found in
northern Europe,
Asia and north
America?

Did you know
that the average
life span for a
brown bear is
30 years.

Isabel
